Dear Mr Gillard

Thank you for your letter of 10 September 2008 regarding vehicle noise emission standards and seeking an indication of UnitedFuture's policy.

In short, we do not have a specific policy on the desirable level of vehicle noise emissions. I have noted the points made in your letter and the arguments in favour of a lower rate than was promulgated by the Government earlier this year. You make many good points, and we would certainly be prepared to take these into account. We are not averse to making a change of the type which you propose.

Thank you for drawing this matter to my attention.

Yours sincerely
